Frustrated about the lack of your in-house **facilities to test** your brilliant algorithms for a new radio, MAC…?

Apply for **CREW** 's **3rd Open Call**!

CREW offers:

1. Open access to 5 different testbed islands and advanced cognitive components

2. Portal with detailed information and guidelines on access and use of the facilities

3. Well-established tools and methodologies for experimentation

4. Technical support & assistance to your experiments

SPECIAL info session:

FuNeMS 2013, Lisbon
Thu. 4 July 13:00-14:00
@ Castelo VI/VII
(-1 floor)

Target number of experiments to be supported: 4-8
Number of partners per experiment: 1 or 2
Maximum duration of experiment: 6 months
Start date of experiment: January 2014
Call deadline: Wednesday, October 2, 2013

Pro: simple proposal, evaluation & administration process
Con: no EC funding (but free support and training!)
